[Authorize new developer](#)

Status	Name	Developer ID
--------	------	--------------

Enter the following information and follow all the steps of the authorization process

Developer name: **Adspert**

Developer ID for European Marketplaces: **602689684161**

Developer ID for North American Marketplaces: **119175555975**

Developer ID for Far Eastern Marketplaces: **921025628786**

The screenshot shows the Amazon Marketplace Web Service (Amazon MWS) registration form. At the top, the text "Amazon Marketplace Web Service (Amazon MWS)" is displayed in a blue font. Below this, there are two input fields. The first is labeled "Developer's Name:" and contains the text "Adspert". The second is labeled "Developer ID:" and contains the text "602689684161". To the right of the second input field, there is a note: "For example: 1234-1234-1234 or 123412341234". At the bottom right of the form, there is a yellow button with the text "Next" and a right-pointing arrow.

Copy MWS Authorization Token and Paste it

MWS Authorisation Token: amzn.mws.5[REDACTED]67

Connect Your Account with Amazon

To connect with Amazon MWS you have to authorize Adspert in your Seller Central account.

Please follow this [step-by-step guide](#).

Developer name: **Adspert**
Developer ID for EU Marketplaces: **602689684161**
Developer ID for NA Marketplaces: **119175555975**

Once you are done, please enter the following credentials.

MWS Authorization Token

amz.mws.xxxx-xxxx

The token usually starts from *amzn.mws.* or *amz.mws.* and contains around 12 characters.
It may take up to 24 hours for Adspert to update this page with your MWS data.
